COMPANY DESCRIPTION

Dreaming Out Loud's mission is to create economic opportunities for the DC metro region's marginalized community members which we fulfill by building a healthy, equitable food system. Through our social enterprise we help increase access to healthy food and do our best to direct resources towards producers, food makers and workers from our community and to model what an anti-racist food system looks like. To that end, we engage in wholesale distribution of produce and locally made products from our in-house growing and culinary team as well as from our family of vendors.

The Procurement and Fulfillment Coordinator (PFC) supports vital operations in our food distribution social enterprise, known as the "DOL Food Hub". In addition to produce buying, the PFC owns the wholesale order fulfillment process, and will be responsible for preparing all wholesale orders for delivery to our customers on time and to a high standard of quality and accuracy. The PFC should be able to learn and use our ordering
